### Overall Height

**Doors only:** 2000mm

**With Tray:** 2050mm

### 2 wall corner 1200 x 900 Shower unit

**Dreamline Corner Shower 1200x900 Complete** are frameless showers, functional and stylish. They are extremely well engineered with simple clean lines and a solid wheel mechanism providing a smooth gliding motion.

**This Dreamline shower** is suitable for alcove 2 sided acrylic walled showers, they are a practical solution for when you want a larger shower and also want the waterproof qualities of an acrylic shower tray.

With so many people having issues with tiled shower floors (leaking, damaged grout and difficult cleaning) yet still wanting larger showers, we have developed these shower trays to eliminate the issues.

An added bonus is the reduced cost for an acrylic tray compared to a fully tiled shower base.

This 1200 x 900mm enclosure features smooth sliding frameless glass and stainless steel door rollers, the unit has an overall height of 2050mm.

### Dreamline Corner Shower 1200x900 Complete Enclosure features

### Tapware is not included.

Shower mixer or shower slide needs to be chosen to suit the style you like or want and the water pressure of your house.

### [40mm Shower Tray Upstand Detail](#)

Our extensive experience in renovating bathrooms (since 2000) means we know exactly what is important in shower cubicle design, construction and installation.

Our products are approved by Housing New Zealand as being robust and sturdy, surviving a 200 KG weight being dropped 5000 times onto the shower tray without any structural damage at all.
