This acrylic tray is made from a high-quality, hygienic grade white 3.2mm pure acrylic that is formed with an easy clean surface with fall to the 90mm hole suitable for an easy clean waste. The tray features a 20mm upstand on all 4 sides of the tray. On installation, the wall lining comes down over this upstand and forming a waterproof seal where no silicone is visible inside the shower.

### [Shower Tray 20mm Upstand Detail](#)

Our extensive experience in renovating bathrooms (since 2000) means we know exactly what is important in shower cubicle design, construction and installation.

Our products are approved by Housing New Zealand as being robust and sturdy, surviving a 300 KG weight being dropped 10000 times onto the shower tray without any structural damage at all.
